YOUNG PICOU KILLS HIMSELF

Sad Ending of the Life of a Most Promising Young Man, Result of Melancholia

Morose and subject to extreme fits of melancholia, young Earl Picou preferred death by his own hand to living under the dread of sometime becoming insane. Overcome by this feeling the young man yielded and put a bullet crashing through his brain last Wednesday evening immediately after his arrival from San Francisco. It appears that the young man, who was employed in the general offices of the Southern Pacific company in San Francisco, arrived in Ukiah on the evening train last Wednesday and went directly to the premises of his parents, just north of the city limits. He did not make his arrival known to his people, but went to the barn where he left his watch and purse and then went out into the field adjoining the cemetery on the north and carried out his premeditated purpose. A note found in his pocket disclosed the fact that he was then suffering from an unusual attack of melancholia and that he feared that it would result in insanity, and to avoid this calamity he had made up his mind to end his life. The deed was committed about 8:30 o'clock, but not until Sunday forenoon, at which time his uncle was passing through the field and was horrified to come upon the body of the young man, who had lain within a short distance of his home cold in death for four days. The revolver was still grasped in his hand and an ugly hole through the base of the brain told the tale.

The remains were brought to the undertaking parlors of J. W. Eversole and an inquest held Sunday afternoon. The remains were buried from the St. John's church Monday afternoon.

Young Picou was well known in this city and was highly esteemed by everybody. He was a graduate of the Ukiah High school, taking the highest honors obtainable in that institution. He was a bright young man and had a most promising future; a hard student and of irreproachable habits, his untimely end is a matter of much regret. The students of the high school attended the funeral in a body, and pall bearers were selected from among his young school friends.

Fell Over Cook Stove

John Peterson was engaged in hanging clothes out of a window at the Donohoe hotel, Tuesday evening, and in order to reach out far enough stood on a chair. The chair slipped and he fell over on to the hot cook stove striking on his back His left arm and back were badly burned. John lost no time in rolling off the hot stove, but in doing so took the pots and pans, which contained the evening meal with him, but the hostess of the Donohoe did not allow the boarders to go hungry because of the accident.

Hop Market Very Quiet

There is little or nothing doing in the hop market. For some unaccountable reason buyers decline to make any offers, so of course there are no sales. In view of the shortage in the crop throughout the world it seems impossible that this condition should continue very long. The Sonoma county growers have combined to investigate the market conditions, but what good can result from such a move is not apparent. There are about 1500 bales held by the growers in this vicinity.

A Friend of Bryan's

R. L. Stewart, of Pawnee county, Nebraska, is spending a couple of weeks in Ukiah looking around. Mr. Stewart is a retired farmer and a dyed-in-the wool Bryan democrat. He was at one time engaged in the manufacture of brooms, and is quite proud of the fact that he presented Nebraska's favorite son with a very fine specimen of his art.

EAGLES TO BUILD AN OPERA HOUSE

The Eagles Have Purchased the Lempke Property and Will Erect a Large Pavilion Thereon

That Ukiah is to have a new opera house soon seems now practically assured. The local aerie of Eagles have been agitating the proposition for some time, especially since the next grand aerie is to be held here next May. If the convention comes here there must be a place large enough to meet in, hence the hustle. A committee from the aerie has secured an option on the Lempke lot on Main street at the foot of Smith street, the lot being fully 75 by 150 feet. This will give plenty of room for an alley way of 10 feet on the south side, still leaving room for the building. A fine pavilion large enough to seat 1200 people can easily be erected on the premsies. A committee is out securing subscriptions and have gotten nearly $4,000 already. The house on the premises has been sold and the boys feel that the new pavilion is assured. The building will be erected by day's labor and a number of the Eagles have agreed to donate work. A good building suitable for the purpose can be erected for about $12,000. It is a good location, the place where Reed's hall was 25 years ago. Ukiah certainly needs a good opera house and it is to be hoped that the people will subscribe for enough stock to insure the erection of the building.

Gentlemen's Driving Club

A number of the admirers of the sport are talking of reviving the driving club, with the view of holding a meeting next year. There are a lot of good horses in this vicinity, and there is no reason why a permanent driving club shoud not be maintained and frequent meetings held. Its done in other places less favored, and has proven a great success. If some of the horse fanciers would interest themselves there would be no difficulty in the matter. It is not necessary to have a second Emeryville meet, simply confine it to Mendocino owners. Much benefit and lots of high class sport would result.

GRAND PRESIDENT VISITS REBEKAHS

Mrs. Iva S. Raker Pays a Fraternal Visit to the Local Lodge Last Monday Evening

Mrs. Iva S. Raker, President of the Rebekah Assembly of the state of California, paid the local lodge of Rebekahs a fraternal visit last Monday evening. Mrs Raker was on her way down from Humboldt county and visited at Willits, Fort Bragg and Mendocino. The evening was a stormy one yet a fair sized crowd was out to greet her. She observed the work of the drill team and was much pleased with the general condition of the lodge. She made an interesting address which was well received. After the usual lodge work a banquet was in order, after which speech making was indulged in by a number of those present.

Mrs. Raker is the wife of Judge John E. Raker, of Modoc, who was Grand Master of the Odd Fellows last year, and who is at present the Chairman of the Democratic State Central Committee. While here Mrs. Raker was the guest of Mrs. J. B. Sanford. She left Tuesday for Lake county where she will visit lodges during the week.

Casimir Elects Officers

Casimir Chapter of the Order of the Eastern Star held an interesting meeting last Tuesday evening when the following officers were elected for the ensuing term: Worthy Matron, Ada Lathrop Malpas; Worthy Patron, A. H. Noyes; Associate Matron, Mrs. R. L. Hutchinson Secretary, Elmer George Busch; Treasurer, L. G. Simmons; Conductress, Ethel Porterfield; Associate Conductress, Mrs. C. W. Mathews. Installation will take place Dec. 4th, 1909.

STREETS TO BE PAVED

Trustees Decide to Proceed with Street Improvements Without Any Further Delay

At an adjourned meeting of the town trustees Monday evening it was definitely decided to proceed at once with the paving of the following streets: State street from the south line of the Orr creek bridge to the north line of Clay street; School street from the north line of Smith street to the north line of Church street; Standley street to State street; Smith street to the west line of Main street; Perkins street to State; Church street to the west line of Main. In order that the work might commence at once the City Engineer was instructed to submit plans, specifications and estimates of cost at the regular meeting in December. The engineer was further empowered to visit other cities, if necessary, and inspect the street work, and recommend the kind of material which is best suited for this city.

The intention is to use asphaltum, or some other similar material which will give a smooth surface.

The improvements will be made under the provisions of the Vrooman act, which provides that the cost will be borne by the owners of property fronting on the streets so improved. A rough estimate of the cost of laying asphaltum is placed at 20 cents a square foot, and each owner will have to pay for the frontage of his property to the middle of the street. The trustees are unanimously in favor of the improvement, and the street committee, who have canvassed the matter to some extent, report that little or no opposition has been developed.

With this work completed in the proper way, and the trustees express a determination not to proceed with it until they are convinced that the best and most lasting methods have been adopted, Ukiah will be one of the handsomest towns in the state.

The fire ordinance was introduced, creating a fire department, establishing fire limits, and building restrictions, and creating the office of fire marshal at a salary of $50 per month. This ordinance was framed by the volunteer fire department, and while most of the provisions meet with the approval of the trustees, it will probably be amended in several places when it comes up at the next regular meeting in December.

The salary of the poundmaster was increased from $10 to $15 per month.

The city electrician was instructed to erect sixteen additional street lights at points designated throughout the city.

Needed Repairs Being Made

Oak street is undergoing repairs under the direction of the street committee. It is being leveled off and graded, and is assuming good shape. A new culvert has been put in on South State street and the surafce leveled up, which is a great and much needed improvement.

A Boon to Boonville

Not only will the Boonville community be greatly benefitted in numerous ways by the building of the new road, but will have established a regular line of transportation connecting that town with the county seat. W. H. Miller announces that just as soon as the road is completed he will put on a permanent stage line, and will place on sale tickets at Boonville to San Francisco and return.

Returns to Ukiah

After an absence of two years spent in the state of Washington, C. H. Drewry has returned to Ukiah and epxects to make his home here in the future, as his health could not stand the damp climate in the north. He has bought the C. L. Wilson place south of town and Mr. Wilson has moved with his family to Oregon, where he has mining interests. The sale of the property was made though the office of J. M. Owen.

PIONEER CITIZEN KILLED SUDDENLY

Alfred Wages Thrown From Buggy on Witter Road and Dies of Fractured Skull

Alfred Wages, an old and respected citizen of this county, met with a fatal accident last Friday while on his way home to Bachelor valley. He and his son had been in town several days that week on business and Mr. Wages was warmly greeted by old time friends. They started home Friday and when going down the grade toward Witter Springs, the line broke and the horse shied to one side throwing both occupants out of the buggy. Mr. Wages struck on his head, the skull being fractured. He was taken home and died the next day of concussion of the brain. The son was not seriously injured. The funeral was held in this city Monday and was largely attended.

Alrfed Wages was born in Kentucky, Feburary, 1826 and was nearly 84 years old. He came to this county in 1864 and made his home here until a few years ago when he moved to Bachelor Valley. Wages creek, this county, was named after him. He was a familiar character around Westport for years, and the friends there will be sorry to hear of his sudden death. He leaves a large family of children to mourn his death.

The Coming Fistic Encounter

Grover Binkley is undergoing a methodical system of training for his bout with the Santa Rosa lad, Coffey, and is getting in prime condition. The Ukiah fans are confident that he will win, and will back their judgment with the coin when these two sluggers meet. Young Donohoe is losing no time to get fit to meet his adversary from Willits, so that the outlook for a splendid evening's entertainment one week from tomorrow evening is very encouraging Both the main event and the principal preliminary will be lively contests, and as the men are about evenly matched, the full limit of rounds is expected. A large contingent from Santa Rosa will be on hand to back their favorite. R. L. Hutchison will officiate as referee.

LIBERAL OFFER EXTRAORDINARY

Made to New and Old Subscribers to the Dispatch-Democrat to Secure Useful Articles

On the third page of this issue will be found an anouncement in which all should be interested. By a liberal arrangement with the manufacturers we are enabled to offer to new and renewing subscribers to this paper a list of useful and ornamental articles at a price, in connection with subscription to the Dispatch-Democrat, at which they are sold at wholesale. The different articles illustrated are of good commercial quality, and will be delivered free of cost to the subscriber on receipt of the price found printed under each article. The additional cost to subscribers, both new and old, is the actual cost to the publisher and the same as though bought at wholesale in large quantity. Without question this is the most liberal legitimate offer ever made by any newspaper in this section of the state. The element of chance is entirely eliminated; if you become a subscriber to the Dispatch-Democrat at the rates given you are certain to get the article named. No contest humbug about it. It is a legitimate proposition, and besides securing one of the best local papers in the state, you are enabled to get in most cases the value of your money in a useful article. If you are not already a subscriber, it will pay you to get in line at once; if you are an old subscriber in arrears, it will pay you to get in line also.

Charley Norris of Laytonville, passed through Ukiah enroute home, after a successful season bailing hay in the vicinity of Suisun. He reports the hay crop in that locality as having been very good.

AROUND THE COURTHOUSE

The County Board of Education Holds Important Session—Other Morsels of Interest

Messrs. Greenough, Williams and Babcock, members of the county board of education met in the superintendent's office last Saturday. Among other matters which engrossed their attention was the allowing of the salaries of the Ukiah and Mendocino high school teachers. The matter of officially declaring the follwing members of the graduating class of the Ukiah high school as entitled to diplomas: Earl Picou, Annie Clark, Imogene O'Brien, Estella Sneed, Burnham Heryford, Agnes Kinlock, Caroline Beckley, Lotty Hatch, Ellen Morby, Claude VanDyke, Margaret Muzza and Fred Niepp, the diplomas having been withheld because one of the teachers refused to sign the certificates of graduation, was taken up. The matter had been referred to the state superintendent of schools and that official decided in favor of the board sustaining the local body in withholding the teacher's salary until she signed the certificates or filed good and sufficient reasons for refusing. The graduates will receive their diplomas at once.

The board passed the following order: All teachers who have taught during the present school year on legal holidays and have substituted the same for days when school should have been in session, are cited to appear before the board at the January meeting and show cause why their certificates should not be either revoked or suspended. The object of this action is to compel teachers to comply strictly with the law, and train their pupils to respect the purposes for which the holidays were set apart.

The superintendent' office has received from the state board of education the normal document to which Miss Jessie N. Standley was entitled but withheld on account of a clerical error made at the state office.

Superintendent Babcock visited the Potter Valley schools the first of this week and left for the coast Wednesday to inspect the schools in that section. He will be gone a couple of weeks.

The tax collector's office is a busy place these days. Up to date the collections exceed the amount taken in on the first installment of taxes at the same date last year nearly by twenty per cent. The greater part of the payments this year are being made by the smaller taxpayers, while last year some of the heaviest payments had been made before this time.

No new prisoners have arrived at the county jail this week. The men who are confined there are kept busy building wooden culverts during the rainy days. Sheriff Donohoe and Under Sheriff Smith have made several trips into the county districts this week to serve papers.

The contracts and bonds have been executed by the successful bidders for the Hare Creek bridge, the Boonville road and the building improvements at the county farm. Supervisor Lawson, chairman of the board, remained in the city this week to give personal attention to these matters.

Marriage licenses have been issued this week: A. L Ford and Miss Addie B. Granger, of Willits; Frank H. Ward and Miss Anna G. Gowan, of Philo; Edward H. Hendrickson and Annie Kessler; F. G. Bisudi and Emma A. Weller.

Boonville People Elated

W. V. Ornbaun of Boonville, called at the Dispatch office Saturday, with the intention of paying his subscription, but was pleased to find that his subscription was already paid in advance. He states that the people of his section are elated with the propsect of getting the new road built soon Instead of hauling a half load, as he is compelled to do over the old road, he will be able to take home a full load when the new road is completed.

UKIAH 25 YEARS AGO THIS WEEK

What Was Going on in This Community a Quarter of a Century Ago

(From the Dispatch-Democrat)

On November 14th, the Dispatch came out in colors—red, white and blue. Red for the Democrats who felt like painting the town red and blue for the Republicans, who were disappointed over the result of the election.

Miss Lulu Taylor, who has been visiting in Santa Rosa, has been seriously ill for several days, but at last reports was improving.

J. E. Pemberton, after teaching the Navarro Ridge school for four years, has returned to his home in this valley. The school has been offered to him again, but as he desires to complete his law studies he has declined to accept.

Grandmother Ellis, 93 years old, now living at Santa Rosa, walked 300 yards to tell the good news of Cleveland's election and to thank God she had been permitted to live to see another Democratic President elected.

A week from tomorrow the Democrats of Mendocino County will celebrate the victory won, when able speakers will be present and a real jolly time enjoyed. Hurrah! Come out of the woods, ye Republicans, and help US to "paint the town red."

The City trustees decided to build the jail at the rear of the city hall by day's labor, which will be a saving of $100 to the town.

The board of supervisors are in session and have attended to the canvassing of the vote and the usual routine of business.

Stage robbers Wm. Corbett and John Dwyer, confessed and were sentenced to five years in San Quentin. They were to be taken to San Quentin on Sunday morning, but broke out of jail Saturday night and struck out for parts unknown. Sheriff Standley started in pursuit and captured them Wednesday at Napa and took them on to San Quentin next day.

WORK OF THE GAME WARDENS

Arrests and Convictions for Infractions of the State Game Laws in this County

The state game wardens, four of whom have been engaged in patrol duty in Mendocino county this season, Messrs. Miller, Lee, Hutton and Peddler, have worked up and prosecuted since the first of July last, nine cases for killing deer out of season, one for killing a doe, one for running deer with dogs, one for shooting quail out of season and one for hunting without license. Eight of these cases were at Point Arena, the remainder at different points throughout the county. Two cases have been tried before a jury and verdicts of acquittal rendered. It may be noted that in no instance where offenders have been tried by a jury has there ever been a conviction in Mendocino county. This fact would indicate that there is not a great deal of sympathy with the existing game laws. The number of convictions must not be taken as the entire results of the work of game wardens, as it is admitted their presence and watchfulness has acted as a deterrent, and no doubt many breaches of the law have been prevented.

Making Trip on Horseback

F. Donner, who has for a number of years been a resident of Point Arena, was in Ukiah last Saturday, enroute to Contra Costa county, where he will spend the winter. Mr. Donner is making the trip on horseback in order to get a better view of the country. He says he will be back in Mendocino county next year in time to vote the democratic ticket.

Saturday night the farce "Blundering Billy," was played by local talent, under the auspices of the W. O. W. It was a splendid entertainment in every way, including the net receipts.

Mrs. Iva S. Raker, President of the Rebekah assembly, made Willits Lodge an official visit last Wednesday afternoon. Two candidates were initiated.

Len Barnard has had a large stage barn built at Shake City, which is 12 miles west of Willits and the present terminus of the Fort Bragg railroad. This will shorten the stage ride about three miles.

Mart Baechtel has sold 350 acres of his ranch just south of town to some local capitalists and they will subdivide it into 10 acre tracts and sell it to settlers on easy terms. This is one of the finest ranches in the county and will support quite a good population when extensive truck farming is introduced.

The preliminary hearing of James Powell and Oscar Dunham, who are charged with stealing hogs in the Long Valley section, came up before Judge Whitney last Friday. Bob Duncan and Court reporter Eddy came up from Ukiah, a bunch of witnesses were down from Long Valley, and Con. H. Goldberg represented the defendants. After the witnesses were examined the Judge decided to bind them over to appear before the superior court and their bonds were placed at $2000 each, not being able to furnish bonds Constable Smith took them back to the Ukiah jail.

All of the outside work and plastering is completed in the new Methodist church and the congregation expects to hold Thanksgiving services in the new edifice. At present they are holding all of their services at the Odd Fellow's hall.

Miss Stella Carlyle came up from Berkeley to visti her parents over Sunday.

Carl Higgins, an employee of the Northwestern Redwood Company, had his jaw broken and seven teeth knocked out while loading logs in a car near Sherwood last Thursday.

Supervisor Saxon is putting the Fort Bragg road in splendid shape for next winter's travel. Last spring he had a crew of men and teams round up and ditch the road from the town limits to the new Irmulco road and at that time about one and one-half miles was graveled. He now has the county rock crusher at work and is filling up the bad places at the foot of the hill with this. On account of the nature of the soil, it being heavy dobe and full of water, it has always been full of chuck holes and it is hoped that the rock will give it a solid foundation. Mr. Saxon will use this rock and gravel up to the town line and it now looks as if it will become the best road in the county.

George Studebaker was up from Anderson Thursday with a choice load of late fruit. He was accompanied by his son. Mr. Studebaker reports feed well advanced on the ranges in his neighborhood.

Principal Campbell is justly indignant because of the hoodlumism displayed last Sunday night at the high school building at the expense of the school. The books of the library were indiscriminately piled upon the floor, chairs overturned and other little boy acts perpetrated. We understand that he has offered a reward of $50 for the apprehension of the guilty ones.

On account of the wet weather only a few of the Red Men attended the memorial services held in their hall last Sunday. The quartette consisting of Messrs. West, Jaris, Law and Piersol with Mrs Piersol as organist rendered some very beautiful selections. City Attorney Gonsalves, of Fort Bragg, was the principal speaker and gave an interesting "long talk" on the duties of Redmanship which was much appreciated by the members present.

A lively market demand is said to prevail at the present time for both fir and redwood ties at good prices. There was an order on the market the last week in October for 500,000 pieces for San Pedro, while Texas has been calling for redwood ties in comparatively large quantities. This shipment will be used in Southwestern Texas and opens a good field for redwood ties, provided they are used in the right manner. Redwood people should not forget their epxerience when a certain southern railroad contractor placed the redwood ties without fish plates, says Wood and Iron.

Wm. McDonald of Oakland, who was so seriously injured near Cloverdale last August when the team he was driving became frightened at an automobile and backed over the grade died at the home of his parents in Oakland last Saturday. He was buried Monday. Mr. McDonald was associated in the contracting business with his father for a number of years and they built the local high school building. For some years past he had been a deputy assessor of Alameda county. He was highly respected by a large circle of friends.

At the meeting of the Good Government League Monday night there was a good attendance, indicating a keen interest in the affairs of the organization. Thirteen new members were added to the membership roll. Progress was reported having been made by the Promotion committee in gathering data for the formation of a buliding and loan association. No formal organization will be attempted until the ground is partially canvassed to ascertain the pulse of the people concerning the expediency of going ahead with it. With the prospect of one—and possibly two—tracts of land adjacent to town being subdivided and put on the market in the near future, giving people a chance to purchase desirable lots at moderate prices for home-building purposes, the building and loan association would prove a popular thing.

POINT ARENA AND VICINITY

A Resume of South Coast News Taken From the "Record"

Jack Kingren, an old Point Arena boy, has gone into the saloon business and announces that he will run a first class thirst parlor.

The Point Arena high school gave a very successful entertainment last week, consisting of farces, music, etc. The Boys Sunshine Band rendered some excellent music.

Lars Pete Larson has returned from a trip to the old country. California is good enough for Lars.

On October 27, the 6 year old daughter of C. L. Bush, of Manchester, fell off a woodpile, sustaining a broken arm above the left elbow. Dr. Pitts went out and set the fracture.

Tom O'Neal reports harvesting 8¼ ton of potatoes this season off less than an acre of his farm. Potatoes did well on the coast this year and are up to the old standard. Tom is all right and the coast is all right.

Henry Suto, an aged Indian, died last Friday at the Rancherie on his way home from the valley, where he had been picking hops. Suto was well known here by old time residents.

A. O. Stornetta left Saturday on a short visit to the southern part of the State. He will then take a trip to Switzerland to see relatives. He expects to be absent about two months.

Henry Severus Johnson and Miss Anna Tilda Kiviharju were married at the Olsen camp Monday, Rev. D. Munroe peforming the ceremony. The groom will work in Jacob's camp on Alder creek.

E. F. Williford has sold his residence to Charley Johnson and will add to his place of business and move his family into it. Mr. Williford intends to go out of the saloon business and open ice cream parlors and dispose of other notions for a living.

While Mat Piper was returning from down the coast Saturday, his horse slipped and fell on the bridge, near O. W. Getchell's place, and two hours afterwards when Mat regained consciousness he found himself and his horse still lying on the bridge. He succeeded in extricating himself and getting the horse on his feet. Mr. Piper was badly bruised and cut about the face but not seriously hurt.

The law and collection agency of Cureton & Slack has been mutually dissolved, and hereafter the office will be occupied by Mr. Slack, who will conduct a collection and real estate agency. He will collect bills entrusted to him and show you the real estate which can be bought or find a purchaser for your property. Mr. Cureton will attend to his law business independently.

You may go into a strange store and buy a Suit or Overcoat. You know that you have gotten both style and a fit, but you DO NOT KNOW how long that garment is going to have that style or how l ng you are going to have a flt. Some garments are only pressed into shape so the style and and fit are only there when new. Some have very poor workmanship put in them and some have very poor internal materials which you cannot see.

The San Francisco Election

Great interest was manifested in this city in the result of the San Francisco election, but no less here than in all parts of the state. Almost without exception the people of the outside districts hoped, at least, that the electorate of the metropolis would pronounce in favor of the purifying process which has been so vigourously carried on againts the men who debauched the city when in the midst of her most trying ordeal three years ago. But the result demonstrates that it was not to be so. When the Schmitz-Ruef regime was broken asunder it was quite natural to believe that the stench which had permeated the city had been forever dissipated, so shamelessly offensive had it become. But alas for human frailty, the country cousin forgot to bring into his calculations the obtuseness of the San Francisco voter—not so obtuse, either, when the "sack" becomes an intregal part of the individual politics of the elector. In the result of last week the people outside of San Francisco believe they discern the reincarnation of the Schmitz-Ruef regime, changed only in its personality. They regard the defeat of Heney and Leland as an endorsement of the methods which obtained a few years ago, and an emphatic avowal of disapproval of the efforts of the more decent element to bring to justice the men who so wantonly debauched the city, and it will require a great deal of evidence to disabuse them of this belief. The same influence, the same men, the same bosses, the same intriguers made the election of McCarthy and Fickert possible that placed the Schmitz gang in possession of the city government four years ago. Then what less can be expected?

The reasons for this change of front in the bay city are (1) the grafters in high places tired of having their criminal records exposed and furnished the needful to their hirelings to create a sentiment in their favor, and (2(the dive keepers and gambling element, and all the myriads who live off earnings of the people of the lower life, tired of having any restraint placed upon their nefarious business, and (3) the retail merchants, many of whom are in business on a "shoestring" since the disaster, and are carrying heavy loads owing to high rents and the disorganization of their trade, were in a most receptive mood to accept the theory that the prosecution of the public thieves was an injury to business, and were willing to throw aside any scruples about the moral aspect and grab at anything which the Examiners, Calls, the Chonicles and the lesser lights in the publicity world might throw to them in the hope of recuperating their waning fortunes. It may be safely estimated that the voters who are really in favor if a higher standard of morals in city government were almost wholly represented in the ballots cast for Leland. Mr. Crocker may be a very good citizen, but it is a fact that his candidacy was the result of a combination of the higher ups who opposed the graft prosecution and it cannot be denied. He may have innocently become the instrument to deal a death blow to the fight for decency, but such he proved to be.

As to the future we can only hope it may not be so bad as it appears to be, but no amount of wading in the tide waters will turn a swan's black legs white. The same party is as in power in the palmy days of Ruef and Schmitz, and we have yet to learn that any material change of heart or purpose has taken place.

Notes and Observations

Did it ever occur to you that a great prearranged system is applied in the world's fair and exposition business? It would seem so at any rate. For instance, Philadelphia and Jamestown and Buffalo in the east, Chicago and St. Louis in the middle west; then comes Portland and Seattle in the far northwest, and next in line is San Deigo in the extreme southwest. The people who profit most from these shows are the railroad owners, and it would seem that in order to keep things on an even basis every railroad gets a show. A close observer of events says that it reminds him of a duck shooter who aims to keep the birds on the wing and scattered. In the end the railroads get the long end of the circulating medium, and they are mindful that every fellow gets a piece of it to keep him from kicking. Good business.

—o—o—

The scramble for the loaves and fishes commenced in San Franisco before the result of the balloting was officially announced, and the ward heelers and the push are hovering about the tracks of McCarthy as the vulture encircles carrion.

—o—o—

The Southern Pacific railway authorities threaten to remove their shops from Roseville unless the authorities close up half of the twenty saloons in that village. As the saloon men control the town board, and the railroad made te town what it is, the problem is quite a complex one, but twenty-three saloons in a town of about 2500 is certainly enough.

—o—o—

The whole coast is going "wet." It is that time of the year you know.

—o—o—

Gossip is described by a cnyic "as drunkenness of the tongue," whereat a crusty local bachelor remarks that there is lots of drunkenness among the Ukiah women.

—o—o—

The man and woman who buy of the local merchant get credit—first for doing so; and second if he or she needs it. Think it over.

—o—o—

Disasters never come singly. No sooner had the victory of the union labor party been announced in San Francisco than a physician bobs up and announces that the hook worm disease had attacked the city. Certainly the metropoils deserves sympathy and lots of it.

—o—o—

One of the new supervisors of San Francisco is an ex-prize fighter. His political name is Jonh L. Hergot, but was known in the squared circle as "young Mitcell." This ought to be a balm to Stanley Ketchell.

—o—o—

The bureau of statistics has announced officially that prosperity has arrived in this country, but the bell like jingle of the dinner pail don't corroborate Mr. Statistics to any great extent.

EXCHANGE TABLE

The Tribune says that bass fishng in the Russian river is good at Healdsburg, and that some fine baskets have been taken there.

In spite of the spread of the automobile and the invention of the aeroplane, a good team of mules is worth more than ever before.

The Healdsburg Tribune of last week devoted its editorial page to original poetry, which would indicate that the editor is not entirely bereft of humor yet.

The Sacramento Union has been sued for $30,000 on account of an alleged libel. Who would have thought that the Union could inflict injury to this amount on anybody's character.

Mrs. J. S. Ornbaun of Ornbaun valley, Mendocino county, is visiting her son-in-law and daughter, Mr. and Mrs. Everett E. Gillmore, of 544 Third street. Mrs. Ornbaun has the distinction of being one of the oldest residents of Mendocino county, having moved there when a child with her parents. She was married to J. S Ornbaun in 1861, and has resided in the Valley with him ever since. She is the proud mother of fourteen living children. —Santa Rosa Press Democat.

Hiram Johnson, the well known attorney, was an active supporter of Francis J. Heney, for District Attorney of San Francisco. Asked Wednesday morning by a newspapea reporter as to the whereabouts of Detective Burns, Johnson replied:

"The last I saw of him he was in an automobile, speeding out to the county jail to convey our apologies to Ruef and Schmitz for all that we have said about them. The people have apologised to them, why shouldn't we?" Taking the arm of District Attorney Langdon, he passed on.

Accident at Ackerman Creek Bridge

An accident occurred at the Ackerman creek bridge yesterday morning, while not resulting fatally as yet, was quite serious. While George Howell was at work on the top of the pile driver it fell and carried him with it. Several ribs were broken and it is feared he was hurt internally. The injured man was brought to town and medical aid rendered, and it is hoped that nothing more serious than the broken ribs will develop.
